

Hilex Poly

Industry Leading Manufacturer of Plastic Bag & Film Products

The SOLUTION IS IN THE BAG

QUIKSTAR™

The bagging solution with self-opening, one-bag-at-a-time dispensing

Produce shoppers want bags at their fingertips. Because when they find the kiwis and corn, tomatoes and tomatillos, they want to slip their selections into a bag and move on to the next display. The last thing they want to do is search for a bag and then fumble to open it when they do find it. The inconvenience makes what should be a pleasurable, impulsive experience—who can resist the first cherries of the summer, ornamental squash in the fall?—into a source of frustration.

Which is why the QuikStar bag solution from Hilex Poly is a hit

with shoppers and produce department managers. It starts with compact dispensers that mount anywhere they're needed: on partitions, wet case walls and floor stands so they're always within reach. The QuikStar dispenser is designed for "pinch and pull" dispensing. As the shopper pulls a bag free, it automatically opens, making it easy to slip in one's selections. And, single-bag dispensing relieves the shoppers' dilemma of what to do with unwanted extra bags, which also keeps the area free of discards. QuikStar dispensers can be refilled at any time so shoppers are never at a loss for bags.

The QuikStar solution equals convenience and flexibility

- Compact dispensers mount where needed, on wet case walls, partitions and floor stands
- One-at-a-time dispensing eliminates bag waste, shopper frustration
- Multiple bag sizes and films match bag to produce (*Standard, corn/yam, greens*)
- Anytime restocking so dispensers never run out, shoppers are never empty-handed
- Tableless, headerless design leaves nothing behind
- Star-seal bag creates the strongest seal in the industry
- Custom printing provides branding opportunity (*Stock designs also available*)

Size	Micron	Bags/Case	Case Wt. Lbs.	Case Cube	Case/Pallet	Tie/High	Pallet Cube	Color
12 x 20	8	4000	22	0.722	45	9 @ 5	38.05	Clear
15.5 x 20	8	4000	26	0.960	40	8 @ 5	43.97	Clear
