

Hilex Poly

Industry Leading Manufacturer of Plastic Bag & Film Products

The SOLUTION IS IN THE BAG

QUIKTAB®

The easy to pack, easy to carry,
no mess, no fuss bagging solution

Now here is a bagging solution designed to make life easy.

It's the QuikTab bagging system from Hilex Poly. An alternative to traditional header bags, QuikTab comes with performance-enhancing features that make this the new workhorse for retailers. It starts with the bag design. Need to cut time from the check-out line? QuikTab bags have side gussets that expand for quick, easy packing. There's also a die-cut handle making QuikTab bags easier for shoppers to carry. Bags are available in two sizes to complement store merchandise and shopper buying patterns. Custom

and stock graphics are available to reinforce your store's brand.

Let's not forget dispensing. Hilex Poly offers a wide range of QuikTab dispensers to meet nearly any store and check stand configuration. Choose from a variety of space-saving dispensers. QuikTab dispensers can be restocked at any time. Plus, QuikTab bags are designed for one-at-a-time dispensing. There's no residual film block or litter. This helps eliminate check stand clutter and the need for ongoing clean-up efforts. Instead, your store personnel concentrate on customer service.

The QuikTab bagging system is easy to implement

- Choose from a variety of space-saving dispensing systems
- Anytime restocking so there's no need to wait until the dispenser is empty to replenish bags
- Side-gusseted bags open wide for easy packing
- Standard sizes and film weights let you match the bag to merchandise and shopper buying patterns
- Die-cut handle adds shopper convenience
- No mess, tab-free design keeps store clean
- Custom printing provides branding opportunity (Stock designs also available)

Size	Micron	Bags/Case	Case Wt. lbs.	Case Cube	Cases/Pallet	Tie/High	Pallet Cube
7 x 4 x 13.5	10 & 20	2,000	17	0.69	54	9 @ 6	43
8 x 4 x 13.5	10	2,000	18	0.69	54	9 @ 6	43
