

Hilex Poly

Industry Leading Manufacturer of Plastic Bag & Film Products

The SOLUTION IS IN THE BAG

ROLLMATE®

The T-shirt bagging solution that saves time and space

When your goal is customer service, the last place you want clutter is the checkout line.

A neat, uncluttered check stand makes it easier for employees to focus their attention and efforts on customers. Which is why Hilex Poly's RollMate bagging system is the perfect partner at checkout. While most T-shirt bags require a rack, RollMate bags come on a roll, with space-saving hardware that allow the dispenser to be installed wherever you need it: under the counter or register or at the end of a counter. RollMate

keeps bags at your employees' fingertips while eliminating countertop clutter. And, you can mix and match bag sizes and dispensers. With up to 500 bags per roll, employees spend less time restocking and more time serving customers.

The RollMate bagging system adds to checkout convenience with one-at-a-time bag dispensing. The employee simply pinches the top of the bag and pulls. The bag detaches from the roll and is ready to fill with merchandise.

The RollMate Bagging Solution gives you plenty of options to keep bags within reach

- Compact dispensers reduce space requirements by up to 80 percent compared to conventional bags and systems
- Multiple hardware kits allow under the counter or end of counter installation, eliminating check-out clutter
- Space-saving roll dispensers to mix and match bag sizes
- Up to 500 bags per roll so there's less restocking
- Custom printing provides branding opportunity (*Stock designs also available*)

Bag Size	Micron	Bags/ Case	Case Wt. Lbs.	Case Cube	Cases/ Pallet	Tie/ High	Pallet Cube	Colors
9.5 x 6 x 18 Medium	10	2,000 4 rolls	14	0.683	48	16 @ 3	38.32	White Black Gray
